Responding to Sextortion Related Offenses Against Children

📅 June 27, 2024 | 📍 Virtual

Sextortion using technology is an increasing trend seen by law enforcement. Sextortion refers to the crime where someone employs an abuse of power, usually a threat to expose explicit images, in order to coerce a person to do something. This 1-day training will identify the methods and tactics used by offenders, and describe why youth are vulnerable to these tactics. The training will explain the long-term impact of these crimes on victims, offer a victim-centered response, and provide information on reporting these crimes to law enforcement, National Center for Missing and Exploited Children and the electronic service provider(s). This course will conclude with identifying effective Sextortion prevention messages for youth, parents and educators.

No Fee

About

Training Schedule:

10:00 am - 6:00 pm Eastern

Instructors

Dana Miller Associate, National Criminal Justice Training Center

Dana Miller is an Associate with the National Criminal Justice Training Center of Fox Valley Technical College. Dana holds a master's

degree in criminal justice, and she has worked extensively in education and harm prevention surrounding technology in the state of Wisconsin. Dana is a former Internet Crimes Against Children Task Force Commander; in her tenure with the Wisconsin Department of Justice, Dana managed the program operations for the ICAC Task Force, including managing Wisconsin CyberTips from the National Center for Missing & Exploited Children and collaborating with Wisconsin law enforcement regarding investigations, outreach, and training events. Throughout her career, Dana has provided online safety outreach to over 30,000 people. She is creator and co-creator of multiple Wisconsin online safety programs and initiatives that continue to be utilized, and she teaches online safety primary prevention and responding to sextortion classes throughout the nation.
