

FEDERAL SERVICES

Announces a  
**CERTIFIED EXAMINERS COURSE**

HOSTED BY THE

# California Department of Justice

Los Angeles, CA

NITV Federal Services is pleased to announce that due to the tremendous success of the CVSA at the **California Dept. of Justice**, they will be hosting a **Certified Examiners Course** to be held **Oct. 21-25, 2024**, to train additional examiners. Nearly **3,000** law enforcement agencies across the U.S (**278 in CA, 267 in OH, 221 in MO, and 218 in FL**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as many **ICAC Task Forces (15 CVSA's)**. *This class is expected to fill up quickly and we suggest you reserve student slots early.* Visit our Website at **www.CVSA1.com**

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations, and the CVSA can also analyze old taped interviews to solve **Cold Cases**. Most have utilized the CVSA for many years and they include the **California Highway Patrol-since 1999-32 CVSA's**, **Illinois State Police-2019-11**, **New Orleans P.D.-1996-29**, **Atlanta P.D. -2003-14**, **Nashville P.D.-2004-26**, **Kansas City P.D.-2018-5**, **Missouri Dept. of Public Safety-1998-52**, **Florida Div. of Investigation and Forensic Services-2003-13**, **San Diego Co. S.O.-1999-13**, **California Dept. of Corrections and Rehabilitation-2017-58**, and the **US Probation & Pretrial Services-2010-15**. Most agencies have simply disbanded their polygraph units as they no longer find a need for the older technology.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause “inconclusive” results. The CVSA III gets to the truth and its patented scoring algorithm precisely identifies deception. The cost of the CVSA III is about 1/6 the cost of the polygraph and the average exam time is approximately 1 hour.

**With 2 published, peer reviewed studies validating the CVSA, and nearly 3,000 LE users, isn't it time for your agency to acquire the Best-in-Class investigative technology?**
