- Creating realistic and relevant training -

# Temporary Holding Cells

Temporary holding cells are inside almost all law enforcement buildings, but few are aware that [Title 15, Section 1024, of the California Code of Regulations](#) requires continuous professional training every two (2) years for anyone that operates as custodial personnel. This includes all those with direct interaction with arrestees, supervisors of those staff with direct contact, while being held in a dedicated space for temporary detention in a law enforcement or court holding facility.

21 CLETS, LLC, offers an 8-hour class covering: jail operations, Prison Rape Elimination Act (PREA), de-escalation, bias awareness, liability, emergency procedures, minimum jail standards, inmate segregation, suicide prevention, and juvenile procedures. We designed this class to be interactive, while providing the ideas on what to be aware of in your facility, and how to be best prepared.

STC/POST-certified instructor:  
[Mel Roberts, 28-year veteran](#)
