Power BI for Law Enforcement - Intro

Power BI for Law Enforcement—Intro

This hands-on course provides students with an introduction to Microsoft Power BI and is designed for students with little or no experience with this tool. Power BI is an excellent tool to chart crime data and make interactive dashboards. Students learn how to use Microsoft Power BI to manipulate and group crime data, create new columns of data, calculate counts, question the data, create charts and graphs, add maps to their layout, combine data from multiple sources, and create a dashboard. Students who complete this course are able to interact with large data sets, create new fields from existing data fields, make calculations, find patterns in crime, and publish meaningful dashboards.

Level: Beginner

Cost: $450

Length of Course: 3 days (21 total hours)

Dates	Times	Location	City	State
March 10-12, 2025	8am to 4pm	5801 E. Slauson Ave	Commerce	California
