Beyond Google - Discovering Online Resources in Investigations

Beyond Google - Discovering Online Resources in Investigations

February 3 - 4, 2025 | Long Beach, CA

In the modern cyber-world, almost all criminal investigations have an online aspect that can be used to further investigations and more quickly solve otherwise difficult cases. Join us to examine open source online intelligence/information and learn how to leverage free platforms, databases, and web applications to strengthen criminal cases. Uncover little known facts and techniques to optimize results using online search engines and online internet resources, which will support your investigations and prosecutions. Learn how to complete and serve search warrants for a variety of electronic information and databases to further all types of investigations. Develop new skill sets to establish contacts and open-source intelligence networks to provide ongoing criminal and threat intelligence in your jurisdiction.

Topics Include:

- Using online resources for all types of criminal investigations, from property to violent crimes
- Sim swapping and identifying crimes predicated on identity theft
- Creating and maintaining online personas
