

California Narcotic Officers' Association

DRUGGED DRIVING INVESTIGATIONS DRUG ABUSE RECOGNITION (DAR)

24-HOUR

POST Certified Plan IV 8790-20315
STC Certified 648-2020

Simi Valley, CA
August 7-9, 2024

California has seen an increase in the number of traffic accidents and fatalities due to the increase in consumption of legal and non-legal drugs. With the lax penalties for possession of drugs and of substance abuse, we have seen those statistics rise over the past few years.

This class will focus on recognizing the signs and symptoms of drug influence in the eight major drug categories, including marijuana/cannabis. Originally developed over thirty years ago with a grant from OTS (Office of Traffic Safety) this CNOA DAR course consists of 24 hours of intensive training on the effects of the eight major Drug Categories, including marijuana/cannabis, alcohol, designer and prescription drugs. Through lecture, demonstration, practical exercises and testing, students will learn to identify the symptoms of persons suspected of being under the influence and driving while impaired. Over 10,000 California students have received the CNOA DAR Training.

This is an excellent class for deputy district attorney's, patrol officers, traffic officers, probation, parole, and corrections officers.

The cost of the Drug Abuse Recognition Course is **\$295.00***
(Includes: Necessary workshop tools)
