

PALM PRINT COMPARISON COURSE

24-HOURS
\$595

COURSE OBJECTIVES:

- Starting with full palm impressions, students will learn the basic anatomy and terminology as it relates to the palm.
- Through interactive presentations and practical exercises students will learn orientation clues, techniques, and red flags as they learn to identify the specific hand and its corresponding region of a partial or fragmented palm impression.
- Students will be provided with a packet of palm impressions and exemplars to match their predetermined skill level to work through during the three-day course.

This course is designed for those new to the field of friction ridge comparison as well as seasoned examiners.
