

EXTREME OWNERSHIP FOR THE 21ST CENTURY FIRST RESPONDER

Echelon Front (EF) has partnered with *Why'd You Stop?* (WYSM) to offer leadership and resiliency training exclusively for first responders and their adult family members. This 1-day workshop will feature WYSM's Jason Lehman and EF's Danny Ziem who have over 35 years combined experience in public safety (law enforcement and the fire service) to take a deep dive into the leadership principles found in the New York Times best-selling book *Extreme Ownership* written by Jocko Willink and Leif Babin.
