

CITY CYBERSECURITY PREPAREDNESS WORKSHOP SERIES: THREATS AND CAPABILITIES

The County of Riverside Emergency Management Department (EMD) in partnership with the Joint Regional Intelligence Center (JRIC), the Riverside Urban Area Security Initiative (RUASI) & the United States Department of Homeland Security (DHS), Cybersecurity Infrastructure Security Agency (CISA) invite you to participate in the Cybersecurity Threat and Capability Identification Workshop as part of the City Cybersecurity Preparedness Workshop Series. This planning series will focus on the development and improvement of cybersecurity incident response plans, emergency operation plan cyber annexes, intelligence and information sharing as well as recovery from events that adversely impact our communities.

TOPICS INCLUDE

- ✓ Identification of threats, hazards, and sector specific impacts seen from Cyberattacks
- ✓ Identification of state and federal resources and local points of contact
- ✓ Identification of upcoming training opportunities

BACKGROUND

This initial workshop will introduce the project to participants and facilitate discussions around identification of threats that impact our operational area(s), identification of state and federal resources & identification of upcoming training opportunities
