

COVERT ENTRY SPECIALIST I COURSE

November 18th - 19th, 2024 – C.E. Spec. I (2-Days)

Course Description:

Covert Entry Specialist I: This 2-day course is designed to teach the skills, tactics and techniques required to conduct physical security system penetration using surreptitious and covert entry methods. Students will learn how to pick, circumvent and/or bypass locks, devices and physical security systems used to secure structures and property, then leave undetected. This skill set is also referred to as 'stealth breaching' and 'subtle breaching'.

This course also covers 'counter-physical security measures,' so the student will be able to conduct physical security assessments of buildings, structures, and security systems/procedures. This subject matter is commonly referred to as 'target hardening,' 'threat assessment,' 'penetration testing' and 'red team operations.'

Students Receive:

Each student will receive a high-quality lock pick set, note taking materials, a USB flash drive with resource materials and a certificate of completion, along with an extensive amount of lock picking, bypass & circumvention techniques practiced 'hands-on,' during the course.

Who Should Attend:

All law enforcement agencies, tactical operators, investigators, patrol personnel, narcotics investigators, probation & parole officers, fire department personnel, EOD personnel, military personnel, and anyone else working in a related field where these types of entry techniques prove valuable. The covert entry techniques learned in this course can greatly benefit the following missions & operations:

Search Warrant Execution
Arrest Warrant Service
Vehicle Entries
Narcotics Investigations
Probation & Parole Searches

SWAT & Special Ops Missions
Sneak & Peek Operations
Hostage Rescue Situations
Counter-Terrorism Operations
K-9 Searches

Sniper Team Positioning
EOD Operations & Searches
Civil Evictions Units
Human Trafficking Operations
Tech. Services (camera & audio install)

Aside from the tactical advantages listed above, this training also provides students with the foundation to develop expertise with investigating and identifying methods, tools and techniques criminals can also be utilizing to gain access into secured structures.

Training Site:

Marriott Residence Inn – Ocean Room
2000 Faraday Ave.
Carlsbad, CA 92008

Course Hours:

8:00 a.m. to 5:00 p.m.

Course Tuition:

C.E. Specialist I Course: \$450.00 (2-days)
