

# Performance Rifle for Law Enforcement (with night shoot)

**When:** Friday, Feb 28th, 2025 (0830-2000 with lunch/dinner breaks)

**Where:** CDCR range in Chino, CA (Exact location will be given prior to the course date)

**Course Fee:** \$295

This course is designed to enhance the shooting skills of law enforcement officers in the use of their patrol rifles. In this course, we will explore the fundamentals of marksmanship at speed to include rifle mount/connection, trigger control, and confirmation levels (vision). Target transitions and shooting on the move will also be explored. The course will heavily focus on shooting a rifle in a way that is more realistic and comparable to real-life engagements.

**This course will also include a night shoot to learn proper employment of the WML and see what reduced lighting does to our vision/shooting.**

## Required equipment:

- Patrol rifle with optic/WML/sling
- Duty pistol with WML
- Handheld flashlight
- Duty/range belt with mag pouches for both pistol and rifle
- Minimum of 3 magazines per platform
- 600 rounds of rifle ammo / 150 rounds of pistol ammo
- Eye/ear protection
