Live Online Instructor Led

Following the Evidence in Child Abuse and Child Exploitation Cases

📅 April 9-10, 2025 | 📍 Virtual

Examine the importance of multidisciplinary team (MDT) case coordination and evidence corroboration in the investigation of child abuse cases. Various members of the Multidisciplinary Team, such as law enforcement, child protective services, and forensic interviewers may gather different or differing information. Learn how to evaluate evidentiary findings through crime scene images, interviews and case studies. Understand multidisciplinary team members' roles and responsibilities for protecting child victims and prosecuting offenders. Focus on offenders' use of technology, including the use of child sexual abuse material (CSAM) in grooming and manipulation. Discuss a variety of technology that can be used by investigators.

No Fee

About

New live, online, instructor-led training now open! Limited seats available for this 2-day training.

Registration Deadline is March 14, 2025.

Training Schedule:

Training will run from 11:00 AM - 7:00 PM Eastern time with one hour for lunch at 2:30 PM. Please note, attendees are expected to be on camera and actively participate in and attend the entire training to receive a certificate.

For information concerning continuing education units, please view our [policies](#) page.

What's In It For You

Upon completion of this training, you will be able to:

- Describe the importance of minimizing bias and employing multiple hypotheses
- List types of evidence and methods of collection
- Define evidentiary keys of collected evidence
- Explain the importance of case information sharing
- Manage collected evidence
