The Illicit Underground
A THREAT TO PUBLIC HEALTH, NATIONAL SECURITY & CONSUMER SAFETY

LOS ANGELES • MARCH 31, 2020

FREE TRAINING CLASS FOR ACTIVE LAW ENFORCEMENT

Please join The Los Angeles Police Department, the Los Angeles County Sheriff’s Department, Investigative Consultants, and multiple Brand Owners to learn about the true dangers of counterfeit goods and the effects these crimes have on Public Health, National Security & Consumer Safety.

This training class will teach the attendees about the true dangers of counterfeiting and the illicit pharmaceutical trade. The attendees will be given an in-depth view of the current counterfeit issues and the ever growing ties to organized crime.

Counterfeiting is tied to many other serious crimes that negatively impact our communities and place millions of dollars a year in the pockets of organized crime groups, Mexican drug cartels, terrorist organizations, MS-13, and other violent street gangs.

Experts from law enforcement, the pharmaceutical industry, and other brand owners will be on hand to share their knowledge and expertise of the illicit trade and discuss the issues that are being seen in the United States and globally.

Law enforcement experts will be presenting at the training event and will showcase some recent enforcement efforts that have led to the recovery of illicit pharmaceuticals and other counterfeit goods.

The attendees will learn how legitimate pharmaceuticals and other goods are supposed to be manufactured and distributed. We will discuss the true importance of protecting the legitimate supply chain to ensure that consumers and patients are not being placed at risk. The dangers to patient safety will be discussed in detail, along with how this illicit activity clearly endangers the well being of everyone in our communities.

OPEN TO ACTIVE LAW ENFORCEMENT ONLY
THE FOLLOWING TOPICS WILL BE DISCUSSED

- The true dangers of illicit pharmaceuticals & counterfeit goods
- How to identify counterfeit goods
- How to conduct investigations
- How to prepare a case for prosecution
- The ties to gangs, organized crime groups, & terrorism
- How to use social media & OSINT to further investigations
