The FTP-SAC course is a P.O.S.T. mandated course for those personnel who will supervise, manage or administer the Field Training Program at their agency. The purpose of the course is to ensure that the program meets all legal requirements and best practices in the field. Traditionally seen as the place where the “recruit becomes a cop,” the field training program has undergone significant changes as our responsibilities have changed. This is your opportunity to ensure that your program meets P.O.S.T. guidelines and that your recruit is getting the most out of this critical phase of training.

The Mission of the Program:

- Ten Red Flags in FTO Selection
- Developing a Sound Selection Process
- Adult Learning and the Field Training Officer
- Role of the Field Training Manager
- Legal Mandates
- Legal and Liability Issues
- Ensuring Consistency
- Auditing the Program
- When to Terminate or Extend a Recruit
