Taught by an Active Duty Law Enforcement/ Certified EMT

***FREE Tourniquet**

Tragedy can strike anytime, anyplace.

With the rise of domestic terrorism and active shooter incidents, we must learn how to protect ourselves, our partners and our loved ones.

Students will have a better understanding of the 3 phases of care during the TCCC/TECC concepts and learn 5 lifesaving skills.

Students in attendance will receive a **FREE** CoTCCC recommended tourniquet.

You will learn how to:

- Perform a rapid casualty assessment
- Understand the proper use of a tourniquet application
- Wound pack with a hemostatic dressing
- Demonstrate the application of a pressure bandage
- Perform basic airway maneuvers to open the airway
